

Missouri Accreditation

Administrative review checklist

Last update: November 2014

Below is list of files that you will need to gather to complete the administrative review checklist.

Each file should be converted to a PDF file. For electronic files, newer versions of Windows have a feature built in to save or print a file as a PDF. There are also a number of free PDF tools available on the Internet. Make sure that you download from a reputable website. -

Paper records will need to be scanned and saved as PDF files.

NOTE: if you would like to upload all of these files at once, see the instructions for creating and uploading an Administrative Review Zip file. Do not use zip file
